22. Fluorine WG Jennifer Kormos (15)
23. As-fed/As-Is Terminology WG- Ciro Ruiz-Feria (5)

**Actions Needed**

24. Animal Protein Work group- remain or disband.
25. Spent Bleaching Clay work group- remain or disband.
26. Fluorine Work group- remain or disband.
27. Investigators- Critical need for investigators
28. From 4/18/24: ODI needs the CFI List added- Technology Committee “What is being done to correct this issue?”
29. From 1/24/24: PTP should identify all Change notations referring to the “Check Sample Program”. The description in the AV Table refers to it (historic reference), but otherwise the OP should say the “AAFCO Proficiency Testing Program.” (Go to PTP)
30. From 1/24/24: New Feed Terms- Ash, Air-ashed, Acid Insoluble Ash, Sulfated Ash. Edit Rawhide to include more than beef- Ali Kashani **Laboratory Services committee to help with drafting of feed terms for "ash", "air-ashed", "acid insoluble ash" and "sulfates ash"**
31. From 1/24/24: Ammonium chloride definition to be updated because current language is confusing- Jennifer Kormos will request edits through CVM. **Investigator has initiated clarification with CVM**
